

## Key Words Index Volume 24 January - December 2015

Key words	Issue	Page	Key words	Issue	Page
	Number			Number	
<b>A</b>			<b>C</b>		
a learning organization model	2	247	cancer	6	1041
abate	3	436	cardiovascular diseases	6	1041
absenteeism	2	305	care network	5	907
achievement motivation	6	1156	care system	6	1017
action research	4	659	6	1017	
adolescent	3	395	caries assessment	3	554
adolescent pregnancy	5	865	caries incidence	2	228
adolescents	4	799	causal relationship model	2	238
adverse events	4	686	central supply units	3	521
advertising format	6	1060	cesarean section	4	648
<i>Aedes</i> larva	3	436	child care center	4	621
aerobic exercise	2	283	child safety	4	636
aging preparedness	5	854	children	4	799
alcohol consumption	1	68	children aged 5-14 years	5	975
alternative organic substances in farming	5	822	civil servant medical benefit system	5	975
antenatal care (ANC)	4	708	community health	4	659
anti-retroviral drugs	5	893	community participation	6	1096
antibiotic	3	510	community pharmacy service	1	182
apnea test	4	734	complete blood count	1	153
association	1	41	compliance with drug	5	893
attitude	3	486	complications	4	793
Australia	1	182	continuation rate	4	793
autistic spectrum disorders	4	799	coronavirus (MERS-CoV)	3	574
			cost	3	563
			cost analysis	5	989
			2	296	
			creating social cooperation process	1	33
<b>B</b>			criminal case	3	441
Bangkok	4	708	5	885	
barriers to organ donation	4	779	culture media	2	367
behavior modification	6	1041	<i>Cymbopogon citratus</i>	1	60
behavioral change communication	6	1107			
blood smear	1	153	<b>D</b>		
blood pressure	3	479	decayed teeth	1	60
brain-death donor	4	734	deceased donor	4	779
breastfeeding	4	720	dengue fever	6	1096
breastfeeding corner	4	720	dengue hemorrhagic fever	1	124
broadcasting radio station	6	1060	dental	2	220
Bueng Kan	4	600	Department of Disease Control	2	273

depression	5	844								<b>H</b>				
detection of chemical toxicity in blood	5	822				health		5	937					
development of information	2	220				health behavior		5	937					
developmental testing	6	1070				health care accessibility		3	530					
diabetes	4	679				health care providers		5	885					
diabetes mellitus	3	449				health data center		3	530					
diet	4	621				health facility	4	708	5	885				
disability	5	921				health personnel	1	41	2	262				
disease control	3	486				health products		6	1060					
disease control and prevention	6	1096				health promotion		1	41					
disease prevention	1	41				health promotion behavior		5	854					
district health system	3	486				health promotion hospital		2	296					
Donmueang International Airport	1	132				health risk		3	521					
drugs abuse	4	612				health risk assessment		3	430					
drug addict	2	305				health service		3	441					
drug ampule	3	542				health service cost		2	296					
drug use	1	92				health services		5	989					
drugstore	1	182				health volunteers		1	50					
						healthcare providers		4	708					
						healthy behavioral changed		3	405					
	<b>E</b>					heart rate		3	479					
effectiveness	1	147	3	563		heart valve surgery		6	1146					
efficacy			4	686		helmet		4	636					
elderly	2	283	5	833		hepatitis A		4	600					
			5	854	5	937								
elderly person			6	1076		herbal mouthwash		1	60					
epidemiology online			3	530		herbal used behavior		1	50					
Erbium YAG laser			2	360		herniorrhaphy		6	1167					
ethylene oxide			3	521		high risk areas		6	1086					
evaluation			5	937		hill tribe communities		1	33					
exercise			3	413		HIV patients		4	686					
extracapsular cataract extraction			5	961		HIV/AIDS patients		5	893					
						HIV-infected patients		6	1138					
						hospital cost study		5	1001					
	<b>F</b>					household catastrophic		1	68					
factors	2	200	5	885		hypertension	3	449	4	727	6	1041		
factors related to sleep			5	833		hypotension		2	347	2	354			
FDI caries matrix			3	554										
female labour			4	720										
first permanent molar			2	228										
food classification			6	1030										
food poisoning			2	211		ice		4	600					
food provision			4	621		impaired fasting glucose		6	1138					
foot examination			4	679		impoverishment		1	68					
fractional laser			2	360		individual patient-level cost		5	1001					
						infection rate		1	132	6	1086			
						information technology				3	530			
						inguinal hernia				6	1167			
	<b>G</b>					innovation		3	542	6	1107			
general hospital			3	510		innovation produced from syringe				3	548			
generic lopinavir/ritonavir			4	686		integrated health				6	1017			
gingivitis			1	60										

intellectual disability	4	799	monofilament	4	679
international normalized ratio (INR)	6	1146	mosquito breeding place control	1	124
IPD unit cost	5	1001	murine typhus	1	132
ischemic heart disease	6	1051	Muslim families	3	395
ischemic stroke	5	876	<i>Mycobacterium</i> culture	2	367
			myocardial infarction	5	907
<b>J</b>					
job satisfaction	4	760	<b>N</b>		
<b>K</b>					
key success factor	4	696	narcotic drugs	2	305
Khemmarat Wound Chair	1	139	narcotic substance	4	612
knowledge assessment	3	468	National Health Act	3	468
knowledge management	3	420	newborn nursing care	4	751
knowledge of ischemic heart disease	6	1051	nifedipine	2	347
			non-communicable diseases	6	1030
<b>L</b>					
lean	3	420	normal vaginal delivery	4	648
learning achievement	4	751	nursing student	3	479
learning disability	4	799	nutrition	4	621
learning organization	5	950	nutritional value	6	1030
leptospirosis	1	132	<b>O</b>		
LibreOffice	1	100	obesity	6	1030
life skill program	4	612	<i>Ocimum americana</i>	1	60
local anesthesia	6	1167	one stop crisis center	4	587
long-term care system for dependent elderly persons	6	1076	OPD unit cost	5	1001
			open source	1	100
<b>M</b>					
mastoidectomy	1	147	opisthorchiasis	6	1127
maternity leave	4	720	oral care	5	975
measles virus vaccine	1	161	organ donation	4	734
medical benefit	1	79	organizational commitment	4	760
medical inventory management system	1	110	organizational climate	5	950
memory	2	283	outbreak	2	211
men who have sex with men (MSM)	4	670	outcome	2	329
<i>Mentha cordifolia</i>	1	60	outcome payment	3	493
meta-analytic structural equation modeling (MASEM)	2	238	overweight	6	1107
metabolic acidosis	2	337	oxytocin	2	354
metal contamination	3	430	<b>P</b>		
metformin	2	337	pain	2	317
Middle East respiratory syndrome	3	574	palliative care	3	468
Ministry of Public Health	1	100	paradigm shift	2	378
model	6	1017	parenting behavior	3	395
model development	5	865	participation	1	14
modified water dropping needle	1	147	participatory process	6	1041
monks and novices	3	413	participatory rural appraisal	4	659
			partnership network	1	14
			patients with leg and foot wounds or ulcers	1	139
			patients with type II diabetes mellitus	6	1118
			patterns of nursing team	5	927

pelvic organ prolapse	4	793	refill clinic	4	727
Pender's health promotion model	3	405	regional health centre	4	696
people of Lao People's Democratic Republic	1	92	regional hospital	3	510
perception of HIV risk	4	670	rehabilitation	3	493
periorbital syringomas	2	360	reliability	3	563
phacoemulsification	5	961	reliability	4	670
pharmaceutical care	5	893	research and development	3	530
pharmacist	4	727	research synthesis	2	238
pit and fissure sealant	2	228	residues	3	521
plague	1	132	resignation intention	4	760
planning	6	1041	respiration rate	3	479
policy	3	510	retention rate	2	228
postpartum	4	648	reaction time	2	283
postpartum hemorrhage	2	354	risk group	3	405
potency	1	161	rosary count meditation practice	3	479
preschool children	3	554	RT-PCR	5	967
preterm labour	2	347			
prevention and control behavior	6	1107		S	
preventive behavior for ischemic heart disease	6	1051	Saraburi province		
prevention of teenage pregnancy	1	14	satisfaction	2	317
primary health care	5	989	scale development	3	441
primary nursing model	2	317	school	4	670
process evaluation	3	449	scrub typhus	2	211
professional nurse	4	769	self care	1	132
professional nurses	4	741	self-care behaviors	1	50
prognostic factors	1	174	self-esteem	5	893
project evaluation	3	413	sensitivity	5	833
prototype dental model	6	1070	severe community-acquired pneumonia	5	844
public health office	2	247	severe traumatic brain injury	1	174
public health programmes	4	799	service delivery packages	2	329
public health volunteer	1	24	service plan	4	799
			service plan	4	696
			single archive	1	110
			situations	6	1060
			sleep quality	5	833
			social intervention	4	799
			social marketing	4	636
			social support	5	893
			software	1	100
			soil salt	3	430
			specificity	5	844
			spinal anesthesia	6	1167
			spiritual leadership	2	273
			stability	1	161
			staff	4	760
			<i>Staphylococcus aureus</i>	2	211
			state agencies	1	79
			state employee	1	79
			STEMI	5	907
			stress	3	479
				6	1118

stroke	3	563	5	921					<b>U</b>		
stroke fast track			5	876	universal coverage scheme		3	493			
sub-acute and non-acute patients (SNAP)	3	493			universal health coverage system		5	975			
sub-district health promoting hospitals	2	247	3	449	university hospital		6	1156			
successful breastfeeding			2	200	utilization		5	975			
Sukontip K. face pictorial depression assessment tool			5	844	Uttaradit Hospital		1	174			
Suphanburi			1	41					<b>V</b>		
surgical device			3	548	vaccine reference standard		1	161			
Suvarnabhumi Airport surveillance			3	574	vaginal pessary		4	793			
syringe			3	542	validity		4	670			
Syringoma			2	360	values		2	273			
					VARK learning style		4	751			
	<b>T</b>				village model		6	1041			
teen clinic			5	865	violence against women		4	587			
teenage pregnancy prevention			1	24	viral encephalitis		5	967			
teenage pregnancy			2	378							
Thai brand-name drug			1	92					<b>W</b>		
Thai elderly			6	1017	warfarin		6	1146			
Thailand	1	68	4	600	waste management		1	33			
third stage of labor			2	354	West Nile virus		5	967			
threatened preterm labour			2	347	workload		4	741			
thrombolysis			5	876	workshop program		1	24			
tongue-tie			3	420	wound dressing		1	139			
total knee arthroplasty			2	317	Wright stain		1	153			
transformational leadership	5	950	6	1156					<b>Y</b>		
transplantation			4	779							
treatment and rehabilitation cost			2	305	youth-friendly health service		5	865			
tuberculosis			2	367							
typhus fever			6	1086							
									<b>4</b>		
					4-points chart		4	679
