

Key Words Index Volume 23 January - December 2014

Key words	Issue	Page	Key words	Issue	Page
	Number			Number	
A					
access to health care	2	239	border area hospital	4	730
accident	3	513	breast cancer	4	593
accident prevention model	4	580	built environment	4	739
action research	2	239	Buriram	6	1044
active surveillance	4	719	butyl methoxydibenzoylmethane	1	105
acute diarrhea	1	99	C		
acute ischemic stroke	4	687	<i>Campylobacter</i>	1	99
acute myocardial infarction	2	335	cancer of cervix	6	1032
adjusted relative weight	6	1098	cancer patient	3	477
adrenal insufficiency	1	83	capacity building	3	485
adverse drug reaction	5	850	cardiovascular effects	5	879
adverse events	2	290	care for chronic psychiatric patients	3	412
<i>Aedes aegypti</i>	6	1108	caregiver	1	52
AIC technique	3	412	caries incidence	1	91
AIDS	4	667	case management	2	313
AIDS patients	2	217	catheters	3	453
air elimination	5	900	Centers for Disease Control and Prevention	4	712
air embolism	5	900	cervical cancer	5	832
air pollution	5	794	cervicitis	6	1032
alcohol policy	6	1013	chemotherapy	3	477
alcohol dependence	6	1087	child anesthesia	3	464
alcoholic beverages	6	1013	child mortality	6	975
allopurinol hypersensitivity syndrome	5	850	childbirth complications	1	69
amphetamine	1	61	cholecystectomy	5	887
anesthetic induction	3	464	cholecystitis	5	887
antinal care	3	539	cholelithiasis	5	887
antiretroviral therapy	2	217	chronic diseases	2	284, 3
antiretroviral treatment program	4	677	chronic kidney diseases	2	284
APACHE II score	2	298	clinical services	4	659
ASEAN member countries	1	121	collaboration network	4	609
asphyxia	2	210	combined lumbar plexus-sciatic nerve block	5	879
asphyxiants	2	210	community health	5	774
asthma	1	30, 37	community healthcare promotion	2	226
asthma attacks	1	37	community participation	3	421, 3
				4	609, 6
B			computer softwares	3	485
BCG	2	369	confined spaces	2	210
BCG reference standard	2	369	consumer protection	6	984
behavioral change	4	649	continuous ambulatory peritoneal dialysis	2	284
behavior modification	5	822	contracting unit for primary care	3	394
blood lead level	2	354	correct posture	4	601
BMI	3	437	corticosteroid insufficiency	1	83

cosmetics	1	121	evaluation	3	492,	5	850
costing	2	226	exercise equipment demonstration	4			762
critical care nursing training program	3	492	experimental research and development	2			335
crystal violet	1	112	expressive language development	3			386
<i>Culex quinquefasciatus</i>	6	1108	external electronic fetal monitor	5			870
culture method	2	201	extrusion	3			564
cure rate	5	813	eye irrigation bottle	3			470
D			F				
daily exercise	4	601	facial cream	1			121
deformity	5	860	factors associated with asthma attacks	1			30
dengue hemorrhagic fever	3	421, 5	families of people living with HIV	1			52
dental health promotion in school	4	609	family support	1			61
determination of vaccine potency	1	112	fast track	6			1067
diagnosis related group	6	1098	fast track STEMI	2			335
diabetes	1	181,	field epidemiologist	5			954
diabetes patients	6	992	first permanent molar	1			91
diabetes type 2	2	239	flood	5			954
diabetic foot	4	659	food poisoning	5			788
dialysis patient	2	284,	forecasting	5			804
diarrhea	1	99	freeze-dried	2			369
diclofenac	5	842	G				
difference-in-difference model	3	524	gall stone	5			887
direct trochar insertion	5	887	gel	5			870
disease situation	5	804	genetic damage	2			354
Down syndrome	3	386,	generalized estimating equations	5			794
drowning	6	975	geriatric medicine	4			629
drowning prevention programme	6	975	Glasgow Blatchford score	2			305
drug addicted patients	4	695	glucocorticoid	1			83
drug dependent treatment	1	61	good health at low cost	1			137
drug quality assurance	3	501	government staff member	5			907
drug quality information	3	501	GPOvirS ³⁰	2			290
drug system management	5	934	graduates	5			907
drug use	1	37	ground rods	1			130
E			ground wire	1			130
economic ordering quantity method	6	1077	H				
ectopic pregnancies	6	1067	health belief model	5			822
effective radiation dose	4	704	health belief model for disease prevention	5			832
effectiveness	2	290	health care process	5			774
efficacy	5	842	healthy district project	2			262
elderly	2	226,	health effect	5			794
elderly living alone	4	619	health insurance	1	6,	3	524
electrical resistance	1	130	health manpower	5			907
elective cesarean delivery	6	1058	health policy	1			15
emergency cesarean delivery	6	1058	health products	6			984
emergency medical service system	3	513	health promoting hospital	1			45
empowerment	3	412,	health service network	6			1032
enabling factors	6	1022	health system	1			137
entrance skin dose	4	704	health workers	6			967
epidemiological surveillance	5	804	hemorrhoid	2			347
ethylhexyl methoxycinnamate	1	105	herpetic gingivostomatitis	2			342
evolution	3	513					

high performance liquid chromatography	2	362	leptospirosis	5	954
hill tribes	4	643	level of asthma self-control	1	30
HIV	2	272	lid lag	6	1051
HIV infection	2	290	local administration	6	984
HIV peer group	4	667	local health insurance committee	1	6
HIV/AIDS	1	158,	local health insurance fund	1	15
HIV/AIDS patients	4	677	long term care	4	629
<i>HLA-B allele</i>	2	191	long-term follow-up	2	272
hoarseness	1	75	low back pain	4	601
holistic care clinic	4	667	low birthweight	3	539
homeopathy	2	342			
hospital cost study	4	730			
hospital performance	2	298	M		
hospital personnel	3	485	<i>M. chelonae</i>	6	1115
hydroquinone	1	121,	Maharakham	2	252
hypertension	1	181,	management	3	564
			management information system	4	580
			management process	1	23
			maternal age	1	69
I			maternal and child health	1	137
immunoperoxidase	1	112	medical innovation	3	464
improved patient's health behavior	3	437	medication reconciliation	5	921
Indian gooseberry cough pastille	1	75	mental health gap	3	427
infection	2	284	mental health model	6	992
infection control	2	323	<i>Mercurius solubilis 30C</i>	2	342
information technology	3	485	micronucleus frequency	2	354
innovation	5	860	migrants	4	730
inpatient department	5	921	Millennium Development Goals (MDG)	1	158
INR (International Normalized Ratio)	3	445	model development	3	394,
intensive care unit	2	298	moisturizer with UV-filter	1	105
international health regulations 2005	1	147	Monte Carlo program	4	704
intravenous therapy	5	900	mosquito control	3	421
inventory management	6	1077	mosquito resistant	6	1108
iodine deficiency	2	252	multidisciplinary	4	667
iodized salt	2	252	multiplex fluorescent PCR	5	943
IPD unit cost	4	730	mushroom poisoning	5	788
IT skills	3	485			
			N		
J			National AIDS policy and responses	1	158
job placement	5	907	network development	1	45
			non-health system	1	137
K			non-relapsing behaviors	1	61
knee prosthesis	5	860	nontuberculous mycobacteria	6	1115
knee score	3	437	normal saline bottle	3	470
knowledge management process	5	774	nosocomial infection	2	323
			nurses	4	695
L			nursing	5	900
laboratory diagnosis	5	943			
laboratory procedure	4	712	O		
laparoscopic cholecystectomy	5	887	OA knee	3	437
lead exposure	2	354	occupational disease	5	954
learning process	3	403	occupational exposure	2	354
<i>Legionella</i>	4	712	occupational health surveillance	4	719
legionellosis	2	201	olive oil	5	870
legionnaires' disease	4	712			
length of stay	6	1098			

One Health concept	1	171				Q	
onset of lactation (OL)	6	1058	quality indicators	5	934		
OPD unit cost	4	730					
oral mucositis	3	477				R	
outcome	2	347	recurrence cervical cancer	2	272		
outlier	6	1098	recurrent	2	347		
oxybenzone	4	753	reliability	6	1087		
			replacement	3	453		
	P		retinoic acid	2	362		
Pap smear	2	272,	6	1032	risk factors for depression management	3	403
Pap smear screening behaviors	6	1022			risk from pregnancy	1	69
participation	2	252,	2	262	role perception	1	23
participatory health care model	6	1002			root canal irrigation	3	564
participatory learning	5	822			rotavirus vaccine	1	112
patient care guideline	1	181			rt-PA therapy	2	313
patient care system development	6	1044			rubber band ligation	2	347
patient safety	6	1044			rural areas	4	619
patient satisfaction	3	470			reinforcing factors	6	1022
PCR technique	2	201					
PCXMC program	4	704				S	
people with citizenship problems	3	524	<i>Salmonella</i>	1	99		
perceived self-efficacy	4	677	scale	6	1087		
peripheral venous catheters	3	453	school	4	739		
pharmaceutical care	1	37	self care	4	762		
pharmaceutical procurement	3	501	self care behaviors	4	619		
pharmacogenomics	2	191	self efficacy	1	61		
Phetchabun hospital	2	305	self screening	4	593		
photoallergic contact dermatitis	4	753	septic shock	1	83		
photopatch test	4	753	severe cutaneous adverse reaction	2	191		
Phuket	4	580	severity	6	1087		
physical activity	4	739	<i>Shigella</i>	1	99		
pictorial warning label	6	1013	shoulder pain	5	842		
pit-fissure sealant	1	91	single status	6	1051		
Plan-Do-Check-Act cycle	6	1044	skin infection	6	1115		
policy impact	3	524	social enterprise	4	719		
pregnancy rate	4	643	social supports	5	832		
prevention and management	3	539	sodium hypochlorite accident	3	564		
prevention of liver fluke	5	822	sore throat	1	75		
prevention of catheter-associated	2	323	sound media	5	870		
urinary tract infection			spinal block	5	879		
prevention of treatment failure	4	677	stability	2	369		
pre-verbal stage of speech readiness program	3	386	standard time	5	921		
post-surgical sore throat	1	75	steroid	1	83		
posttraumatic growth	6	967	strategy route map	1	15		
primary care	2	239	stress	1	52,	4	695
proficiency testing	1	121	stroke corner	4	687		
project effectiveness	3	427	stroke fast track	4	687		
psychotic patient	3	427	stroke patients	2	313		
public health emergency of	1	147	sub-district health plans	1	23		
international concern			subdistrict administrative organization	2	226		
public health volunteer network	4	593	sun protection factor	1	105		
public health volunteers	2	262	sunscreen	4	753		
			Suphanburi	6	1022		

surveillance		1	171	tuberculosis	3	555, 5	813
surveillance and rapid response team	3	555, 5	788	two-part model		3	524
surveillance program		2	201	total cost		6	1077
survey		4	659				
Suvarnarbhumi airport	1	147, 3	555		U		
system development		6	1067	universal access to ARV		1	158
systematic review		5	934	unrest situations		6	967
	T			unsafe sexual behaviours		2	217
teenage pregnancy		4	643	upper gastrointestinal bleeding		2	305
teenager		1	52		V		
Tha Sala district		3	403	validity		6	1087
Thai massage		5	842	village health volunteers		2	252
Thai population		2	191		W		
Thailand	1	158, 3	513, 4	580, 4	659, 5	794	
thigh muscle mass		3	437	warfarin		1	45, 3
three Southern border provinces		6	967	weakness		6	1051
thrombolytic agent		4	687	weight		3	437
thyroid gland enlargement		6	1051	West Nile virus		1	171
thyrotoxicosis		6	1051	workload of pharmacist		5	921
titanium dioxide		1	105		5		
traffic accident		4	580	5-fluorouracil		3	477
trauma		3	513				
treatment	5	813, 6	1115
